¹ The truck, attached equipment and ballast should not exceed the front axle or total vehicle rating. Ballast may be required for some snowplow applications.

Before purchasing, installing or using your Hiniker snowplow, ensure your vehicle is equipped with all the vehicle manufacturer's and Hiniker's required options for snowplowing.

* Quick Hitch 2 Plow and Mounts

HTBX Harness needs to be paired with 38828014 universal truck harness. 2023 and later plows need to be ordered with either LED or Halogen light kits.
